10. Clean fitness centre:

Kraft Training Centre has entered into an agreement with Anti-Doping Norway called "Rent Senter agreement". The purpose of the agreement is to maintain a clean and healthy training environment at our fitness centres. Kraft Training Centre does not tolerate the use of doping agents among its customers.

As a member of Kraft Training Centre, I condemn the use of doping agents, and understand that the use of doping agents implies a severe breach of my membership agreement and will entitle Kraft Training Centre to terminate my membership agreement with immediate effect.

I undertake not to use doping agents that appear on a special doping list for training centers. I am aware that the list is available at all times on www.antidoping.no.

Furthermore, Kraft Training Centre has entered into an agreement with Anti-Doping Norway for carrying out doping controls. If the sports Centre sees signs and symptoms that may be due to the use of doping agents, I understand that I will be convened to a meeting. During this meeting, I will be asked to sign a doping control declaration form, where I accept to provide a doping sample while training at one of Kraft Training Centre, if I still show signs of possible use of doping agents. See enclosed.

If I do not accept to sign the declaration, this will be considered as a severe breach of my membership contract, and Kraft Training Centre is entitled to terminate my membership agreement with immediate effect.

As of July 1st, 2013 all use of doping agents is criminalised according to the Act on Medicinal Products § 24 a. The use, or suspected use of doping agents at one of Kraft Training Centre may be reported to the police.

11. Freeze of membership:

Kraft Training Centre may grant freeze membership in the following circumstances: sick leave of more than one month's duration, pregnancy/maternity leave, temporary posting in connection with work/education and military service. Relevant documentation must be presented.

The member must submit a written application to Kraft Training Centre. Applications must be made prior to the freeze period or, in the event of injury or illness, as soon as possible after the illness/injury occurs.

On approval of such an application, the member will be credited a free period of equivalent duration to the freeze period. The membership will automatically begin to run when the agreed freeze period ends. The binding period will be shifted by as many months as the membership is frozen.

The member will receive a response to their application within 14 days. The member's access card will be blocked for access to Kraft Training Centre while his/her membership is frozen. If the fitness centre wishes to retain the supporting documentation, the member will be asked to approve this.

Any freeze of membership must be fixed and approved in advance, and relevant documentation must accompany the application. The freeze period applies between the agreed start and end dates. Freezes will not be granted retroactively. Please note that membership may not be terminated during the freeze period.

13. Changes:

The centre reserves the right to change its service provision.

Kraft Training Centre offers the member a price guarantee for the monthly fee during the binding period. However, this does apply if the membership is entered into based on a campaign that, for instance, defines the price structure.

15. Termination of membership contract:

The period of notice is one (1) month, starting from the first of the month after the notice of termination was received. The membership will remain active throughout the entire period of notice. Termination of contract should occur via e-mail to Narvik@kraftsportssenter.no. The member will receive written confirmation of the termination of membership, including details about the final payment and training date, within 14 days.

In the event of behaviour that breaches the conditions or rules of Kraft Training Centre, the centre may exclude the member immediately and terminate his/her contract with immediate effect without obligation to refund the membership fee he/she has paid.
